

## 130th Glasgow Company, The Boys' Brigade

Company Section  
May 2008

Before the Spring holidays, the Company once again welcomed those members of the Junior Section who will be joining us after the summer to share in our usual Friday night activities.

The evening again proved to be a useful and enjoyable occasion for everyone.

Many of those Junior Section boys will also be attending our summer camp, which is taking place at the Whithaugh Park outdoor centre from August 11 to August 15.

But before then, all attention is focused on our Annual Inspection and Display.

Company Section resumed this week after the Spring break, with the boys now putting the finishing touches to items for evening.

That has meant some hard work for the drill squad and bugle band, while boys will also be involved in other items featuring games and fellowship, as well as our opening and closing ceremonies.

And as the night includes our prizegiving, boys have been keen to make sure they keep themselves and their squads in the running for the silverware up for grabs.

The display will be held in the large hall on Friday, May 16<sup>th</sup> to which friends of the Company are warmly invited.
